Hospital On Wheels by Leo Ours, Jr. is an important saga from a genuinely American standpoint. It poignantly portrays the true story of the mobile medics entrenched within our nation's most defining moments. It is this generation's character, courage and determination, which changed the face of history, and brought about the emergence of the United States as the world power it is today. *Hospital On Wheels* helps us to remember the unprecedented contributions of these remarkable men and women.

The Honorable Joe Manchin III
Governor of West Virginia
